01 · WHO WE ARE

From two companies to three sectors

Evangelatos Group is based in Kefalonia and has been active in Greek tourism since 2004.

It began with car rental and incoming travel, and has grown one step at a time: in mobility, with a second car rental company and a chauffeur service, and in hospitality, with a resort hotel that the Group took over, acquired and is renovating in phases.

The Group in figures

Its companies operate independently, under **one family ownership** and **one standard**.

08 · VISION

Sound, modern companies in Greek tourism, built for the long term.

STRUCTURE

What the Group provides

Each company operates under its own name, with its own management and its own customers. The Group sets the direction and provides shared support in the following areas.

Finance · Purchasing · People · Reservations and systems · Maintenance

PRINCIPLES

Family ownership

The Group is owned and run by the family, and its decisions are taken with the long term in mind.

Independent companies, shared standards

Every company works to the same standards of service and governance, whichever sector it is in.

Steady growth

We grow step by step, investing in sectors we know and in places where we already operate.

Local roots

We are based in Kefalonia, and we work with local people and suppliers wherever we can.

09 · PARTNERSHIPS

Working with the Group

We welcome proposals from businesses and professionals who wish to work with the Group or with one of its companies. Write to us and we will put you in touch with the right person.
